Massachusetts Chapter of the National Foundation-March of Dimes.

The principal fund-raising activity will again be the mother's March to be conducted this year January 24 through January 31.

In making the announcement of the appointment, Mr. Pike remarked, "We are indeed fortunate in having people of the caliber of Mr. Fairweather in the position of treasurer in Marion for this our 33rd campaign. Having him on the March of Dimes team certainly reinforces the feeling that we are about to have a fine and well-organized campaign."

Proceeds from the 1971 drive will benefit March of Dimes research in the fight against birth defects, a field the National Foundation undertook shortly after the defeat of polio.

Enjoy Bridge?

WOMAN'S CLUB BRIDGE MARATHON

Now is the time for anyone who enjoys playing bridge to sign up for the Bridge Marathon planned by the Mattapoisett Woman's Club as a way of aiding in its philanthropic activities. Members and non-members are invited to call Mrs. Joseph Holt at 4986 to register singly and be assigned a partner, or choose a partner and the two of you sign up. You may name your preference for a day or an evening group, and whether you want to play with an experienced or a less experienced group; and since husbands, neighbors, friends are all welcome to play too, you may specify a mixed group.

There will be 8 couples in each group; each player will pay 50¢ for each playing session - $1.00 if you make the finals.

Each set of partners will play the 7 other couples in their group at a time convenient to the players. However, since the marathon is scheduled to cover an 8 week period, you must play at least one game every week or 10 days at the most between any 2 sessions, in which case you would have to play twice in one week in order to finish in time.

Play will start in the middle of January so call Mrs. Holt now to be certain of a spot in the group of your choice. Trophies will be awarded in April to the high scoring couples.

BOOSTERS CLUB MEETING

On Thursday, January 14th, at 8:00 P.M., the Old Rochester All Sports Boosters Club is planning to have a basketball and hockey coach referee on hand to explain the rules of the games. A basketball film also will be shown.

Anyone who is interested is welcome to attend.

Slides and many post cards will illustrate "Old and New New Bedford", the subject of Mrs. Burton A. Hughes, guest speaker for the Travel Clubs' first program of the new year, Friday, January 15th, at 8 P.M. in the gymnasium. A business meeting is called for 7:30 P.M.

Refreshments and social hour follow the speaking program. A nominal fee is charged prospective members and guests who are cordially welcome to attend.

The recently organized pollution committee has been busy at work at the YWCA. The main objective of the group is to generate interest in the subject of pollution. They hope to inform the public by operating an Environmental Hot-Line and manning an Ecology information desk.

The hot-line is in operation on Saturday mornings from 10:00 A.M. to 2:00 P .M. Complaints and information can be phoned in during this hot-line schedule. Inquiries will be followed up and referrals to the appropriate agencies will be made for further action.

The Ecology Information Desk is maintained in the lobby of the YWCA, from 4 to 5 P.M. on weekdays, with literature on various phases of pollution available for reading or to take home. Information desk is run by the combined group of YPC and COPE. Mark Oberg and Frank Costa, leaders representing YPC and COPE, invite other members of the community who are interested in pollution.

Participants are needed to operate the information desk. For further details about the Environment Hot-Line or the Ecology information desk at the YWCA, 66 Spring Street, New Bedford, call the Y, 999-6201. Pollution Committee of the YWCA meets weekly on Mondays at 7 P.M. and an invitation is extended to all persons of the Greater New Bedford area who care about our environment.

Mothers, do you know about the YWCA Toddlers Workshop, that helps young children to play together away from mother a short time. While mother attends a YWCA class, a meeting or shops, she may leave her pre-school child at the YWCA for a nursery type program from 9:30 to 11:30 A.M. Call the Y for details of fees and

program.

There will be a 10-week class in Tournament (Duplicate) Bridge from 9:30 to 11:30 A.M. Thursdays beginning January 7th in addition to previously announced and published bridge classes. Registration has begun and may be made at the main desk on or prior to January 7th.

Mrs. Thomas Shelton, associate program director at the Navy YWCA, Newport, Rhode Island, will speak at 8 P.M. Thursday, January 7th, at the Junior Volunteers monthly training meeting, following the business at 7:30 P.M. Prospective USO Junior Volunteers are invited to hear Mrs. Shelton discuss, "How to Organize a Variety Show" and tell about the activities at the Newport Navy YMCA.

Junior Volunteers plan to work on a mini-variety show, hoping to give a performance at the Newport Naval Hospital wards in the future. Young women 18-25 are invited to call the YWCA for details of membership in the U.S.O. program.

WHIST PARTY

Marion Grange will hold a public whist party this Saturday, January 9th, at 8 P.M. at the Grange Hall, Marion.

Something new for the coming year will be "TOGETHER" group at the YWCA. It is designed for people, young and old, who have hobbies or interesting and unusual collections. This group will meet on Wednesdays, beginning January 6th, from 3:30 to 4:30 P.M. in the YWCA Dining Room. The public is urged to attend.

Organizers of this newest activity are Martha Seif, Nancy Nisson and Denise Rybka, all students at New Bedford High School. Through such a club, they hope to give an opportunity to people to develop their own hobbies while learning more about other interesting activities together.

At least two hobbyists will be featured monthly and it is the hope of the YWCA that from this group will emerge some exhibitors at the annual YWCA Community Show's hobby exhibit.

"Together" club is interested in hearing from Greater New Bedford hobbyists for special programs at YWCA on Wednesdays.

ANNOUNCEMENT

Since business does not warrant keeping open the Marion salon, our last day in that location was December 31.

We will be glad to serve you at our brand new salon in New Bedford, across from the Common Park at 1410 Purchase Street. Thank you for your kind patronage.

For further details, call Martha Seif, Nancy Nisson or Denise Rybka at the YWCA on Wednesdays beginning January 6th.

Jerry Vinci, an art major at Southeastern University, will be the first hobbyist and guest speaker on Wednesday in the series of lectures and demonstrations. Mr. Vinci will demonstrate the craft of woodburning and exhibit several completed pieces.

Donations of white elephants, novelties and duplicate Christmas gifts are needed for the Silent Auction scheduled for January 20th, to benefit the World Fellowship Fund. Items may be left at the main desk anytime. The auction will follow the Weekly Luncheon.

street without horses? Pills that make "crazy" people well again? Hot and cold running water in almost every home?

One hundred years ago, right around 1871, the first elevator was installed in an office building and two patents were granted for a thing called a typewriter. Later, Bell invented the telephone; Ford the car; and the Wright Brothers headed for the sky.

Working in a school for deaf people, Alexander Graham Bell was inspired to invent the telephone. The first telephone communication took place in 1876, when Bell said to his assistant, "Mr. Watson, come here; I want you."

A short time later, the "Wizard of Menlo Park" -- Thomas Edison -- set up shop in that New Jersey town and advanced the telephone with his development of the carbon transmitter. Edison's bright idea was the light bulb, although he patented 1,092 inventions in his lifetime.

At the turn of the century, the 75,000,000 people in the United States were using nearly a million telephones--and 4,000 horseless carriages. Henry Ford's 1893 invention prompted the passage of new speed and safety laws in each state; New York had a law restricting "speed demons" to 10 miles per hour in cities, 20 miles per hour on the

MATTAPOISETT HOUSING AUTHORITY

HOUSING-FOR ELDERLY SURVEY

The Mattapoisett Housing Authority acting as a Committee for the Housing of the Elderly is conducting a survey for the purpose of determining the need for this special type of housing in Mattapoisett. The committee believes many persons over 65 years of age are of limited income and cannot afford the type of housing best suited for their needs and therefore are living under unsafe and sub-standard housing conditions. This type of housing provides modern apartments especially designed for the comfort and safety of persons in this age group.

ELIGIBILITY REQUIREMENTS

To be eligible for this housing, a person must meet the following requirements:

1. A person must be 65 or over. Lone individuals or couples are eligible.
2. A person must be a citizen of the United States.
3. A person must be of low income.
4. A person must be in need of good housing. If you are eligible and in need of this type of housing, please clip the coupon below and mail it to: Mattapoisett Housing Authority, Housing for the Elderly, Mattapoisett, Massachusetts 02739.

open road.

In the same year, the Wright Brothers headed straight for the sky--and covered 120 feet of it in 12 seconds!

Women voters? Up until 1920 it was just a dream, like typewriters had been. By now, every 13th American owned a car, and numbered among prospective auto owners were our doughboys, fresh from the European battlefield. Jazz, flappers -- and a flask-toting defiance of the 18th Amendment marked a decade capped with disaster in the stock market.

A hundred years ago, people still hunted for their food. Now, millions hunt for fun, sport and relaxation. The National Rifle Association, one hundred years old in 1971, was founded and dedicated itself to promoting the safe and efficient use of firearms for sport and recreation. Through its programs, millions of Americans have discovered the pleasures of competitive shooting, hunting and recreational marksmanship. During its first century, the NRA has grown from a small group of concerned National Guard officers to the largest sporting organization in America. Its more than one million members have come from all walks of life...yet they have a common bond, the shooting sports.

Fifteen years ago there was no polio vac-

cine, and seven out of ten of the medications prescribed today were unknown. While General Eisenhower was president, the first atomic submarine, Nautilus, was launched. The three-minute mile became a hard-run reality--and the "1 1/2-hour 25,000 miles" was achieved by orbiting artificial satellites (the first "sputnik" went up in 1957)!

Texas was eclipsed as America's biggest state by Alaska, heralding a new age of growth. And, in 1969, a man actually landed on the moon!

What's in store? With shades of Buck Rogers, Laser beams probe a shining future in medicine, entertainment, industry and the military. New surgical techniques aim at "freezing" old problems and transplanting new hope in man's heart. And just as man conquered Mt. Everest, his plans have expanded to the challenge of space, the mountains of the moon, and the tempting flicker of the faintest stars.

Every line is softened and every sound is muffled as Marion center comes to life in the new year.
